

Subject: ICT

Head of Faculty: Mrs Hunt

GCSE

Exam Board:
OCR

Course Description

The GCSE in ICT prepares pupils for future ICT career choices. Through the two year course pupils:

- become independent and discerning users of ICT, able to make informed decisions about its use and aware of its implications for individuals, organisations and society
- acquire and apply creative and technical skills, knowledge and understanding of ICT in a range of contexts
- develop ICT-based solutions to solve problems
- develop their understanding of current and emerging technologies and their social and commercial impact
- develop their understanding of the legal, social, economic, ethical and environmental issues raised by ICT
- recognise potential risks when using ICT, and develop safe, secure and responsible practice
- develop the skills to work collaboratively

Assessment is based on two controlled assessments, carried out in lesson and two examinations.
