14th March 2019

Technology Intervention Programme

Dear Parent/Carer

Your child has been identified as currently underachieving in Technology GCSE course work. This is a matter of concern and your child has been made aware of the need to improve and address this immediately.

We remain committed to ensuring that each student achieves their full potential and it is our view that students should be given every opportunity to prepare thoroughly and effectively for the GCSE examinations. The Technology department will continue to run afterschool and lunch time interventions. We would like your child to attend regularly to ensure that they make good progress.

The dead line for all coursework and practical outcome needs to be completed by the 23rd March 2019.

| Day | Time | Teacher |
|-------------------------|------------------|-------------------------|
| Monday/Tuesday/Thursday | 3:05pm-4:00pm | Miss Kinsley (Room 105) |
| Wednesday | 12.55pm – 1.35pm | |

To make better progress your child needs to complete all set homework, increase their effort in class, attend lessons prepared and make effective use of the time.

We appreciate your support with the extra provision offered by the Design Technology Department. If you would like to discuss this matter further, please do not hesitate to contact me at school.

Yours faithfully

Miss A Kinsley
Teacher of Technology
